The problems you'll learn to heal in this workshop are often mistaken for psychic attack or energy vampires. (Common fears today, this workshop will supply good reasons to stop worrying about these over-hyped threats.)**

Rose Rosetree started teaching these healings in Tokyo after being sponsored for years by the top seminar company in Japan. VOICE averages two sponsored healers a week all year. Rosetree has twice set a record in the 28-year history of the company as their most popular healer. Interpreters, who work with VOICE healers, noticed they weren't getting tired after helping with these powerful sessions. Rose's biggest secret? The energy healings you will learn in this workshop.

Interpreters asked Rose Rosetree to start teaching these skills of Spiritual Cleansing and Protection. So this type of workshop was added to her other popular workshops for VOICE. If you were to learn these healing skills with her in Japan, tuition is \$1,900. Now you can learn them during this first-time offered weekend workshop in L.A. for a \$350 tuition.

“Excellent, great, amazing, phenomenal and darn good!!!”

-- Gary Niki, Disaster Manager and Energy Worker

“This Intensive is full of healings which each left me feeling great.”

-- Sarah, Illinois

“This course has made me much clearer about the aura and what could be in it - and how to clear it”

-- Mary from Maryland

You will become a better aura reader or healer, or just have a stronger sense of who you are and what you want to do in the world. Overall stability as a person increases, joy increases, wisdom and compassion increase...the benefits will amaze you.

Yet all you need for background is to be willing to learn. No clairvoyance or psychic ability is needed. Just bring your inborn personal gift set for knowing what is true for you, plus your common sense. Here are some of the Spiritual Healings you will learn:

Release Negative Thought Forms. They affect your subconscious mind and also everything you own. They're in everything you buy, especially those bargains from E-Bay. Negative thought forms detract from being who you really are, limiting relationships with others. Enjoy the freedom of owning this form of healing.

Move out Astral Entities. Do you work with the public? Are you involved with Reiki or other forms of healing? Then you pick up loads of entities, which then secretly drain away your energy. Elaborate ghost tracking could help but this easy technique is far more efficient. Rose recently used this healing on a woman who was amazed at the huge difference it made for her, even though "Usually when people do healing for me, I don't feel a thing."

Psychic Coercion Removal. It's the most common energy drain on the planet, yet few people even know what it is. Many people subconsciously carry truckloads of other people's shoulds. This limits self-confidence, creativity, even making simple decisions. At Rose's workshop, you will learn to detect when psychic coercion is a problem, then remove the associated vulnerability pattern. (Mastering this healing, alone, is worth the fee for this workshop.)

At this workshop you can learn the complete skill set in one weekend, then use it for the rest of your life. Use it to keep your energy clear. Use it for self-protection when you pursue energy work or psychic development. Also use these healings for the emerging profession of Energy Spirituality.

Rose personally uses these healings in telephone sessions with an international client base.
